

PRINT-READY DEVELOPMENT FOR FASHION BRANDS

CUSTOM PRINT CONCEPTS • DIGITAL PRINT SPECIALIST

- **Custom Digital Prints:** Textile-aware pattern development.
- **Production CAD Flats:** Seamless all-over and engineered placements.
- **Tech Packs & Grading:** Full specs for all sizes (XS-3XL).
- **Ready-to-Print Files:** Print-ready digital files with color specs.

WHAT YOU RECEIVE

- Custom Digital Patterns
- Pattern & Placement Layouts
- Print Specifications & Grading
- Print-Ready Digital Files (AI, TIFF, PDF)
- Digital Print Quality Check

FACTORY-READY DEVELOPMENT FOR STARTUPS & BRANDS

TEXTILE PRINTS FOR FASHION BRANDS

CUSTOM PRINT CONCEPTS • DIGITAL PRINT SPECIALIST

- **Seamless All-Over Patterns:** A continuous, repeating design that tiles perfectly without visible breaks, ideal for garments like abayas and kaftans.
- **Engineered Placements:** Designs created specifically for a garment's pattern pieces (e.g., specific placement for a neckline, sleeve, or hem), ensuring the motif sits exactly where intended.
- **Border Prints:** A design with distinct patterns along the edges (e.g., a specific intricate motif running along the bottom of a scarf or abaya panel).
- **Panel Prints:** Large-scale designs that occupy a single, specific fabric panel (e.g., a full-front chest motif or a custom-designed scarf square).

Essential Production File Formats

- TIFF
- AI (Adobe Illustrator)
- PDF
- PSD
- PNG
